Blonde
Raspberry Sour
IPAT
Tropical Sour
White

*A note:

As we are bound by our District of North Vancouver specialty zoning, we don't have a kitchen to make our own baked goods or sandwiches, so we got creative and worked with local amazing bakers to create items that our community knows and loves.

We are proud to work with Urban Flavour for our gluten free and vegan treats, To Live For for even more vegan offerings, Bueridge Treats who make our macarons, and finally Butterboom Bakery who make the delicious croissants, donuts and cruffins folks have come to know US for! Occasionally we work with the lovely humans at Harmony Donuts to share these with our community as well.
